DROP CHANDELIER GLOBE // ASSEMBLY INSTRUCTIONS

ABOUT 101 COPENHAGEN

101 Copenhagen is a Danish design brand founded in 2017. With a vision to honor exquisite quality and craftsmanship, the collection encompasses furniture, lighting and accessories in a timeless, yet modern design. With a true passion for materials and refined textures, organic shapes and colours, 101 Copenhagen presents the epitome of classics and must-have novelties for Scandinavian and international interior connoisseurs alike.

OUR CREATIVE DRIVE

The design of 101 Copenhagen is firmly rooted in the Scandinavian soil and nourished by Japanese minimalist aesthetics. Sharing an emphasis on quality materials, techniques and traditions, the meeting between the North and the East is notable in the holistic collections of 101 Copenhagen. The design approach is dynamic and characterised by freedom of expression - creating unique and timeless pieces without compromising on playfulness and individuality.

OUR DESIGN TEAM

An attention to detail and a shared sense of aesthetics is what drives the two main designers of 101 Copenhagen, Tommy Hyldahl and Kristian Sofus Hansen. Merging their backgrounds and experiences from the fashion industry, the Royal Danish Academy of Fine Arts and travels in Japan respectively, a narrative of minimalist, sculptural and conceptual design is evident throughout the collections. Translating and transforming the simplistic inspiration from Japan in a Scandinavian context is all about honouring quality, heritage and materiality while never seizing to compromise on form and function. Trained as an architect, the third designer, Nicolaj Noddesbo, adds knowledge on innovative light solutions and timeless novelties to the 101 Copenhagen collections. 101 Copenhagen is a curated selection of tactile, bold objects standing out in a crowd and gathers as a whole.

101 COPENHAGEN**

Drop Chandelier Globe

The Drop Chandelier Globe introduces a captivating twist to its iconic design with the introduction of a sleek, globe-shaped metal lampshade. Named after its lampshade, Drop Chandelier Globe is an ode to 80's geometric designs, emphasizing clean lines and effortlessly melds with any interior decor. Designed to captivate both the eye and the imagination, Drop Chandelier Globe offers a harmonious fusion of form and function. Its meticulously engineered construction not only enhances the aesthetic appeal but also maximizes the luminous potential of the hidden light source within. Drop Chandelier Globe comes in two sizes and two colors; Chrome and Burned Black. The chrome finish creates a seamless integration with modern interiors, infusing spaces with a sense of refined sophistication, while Burned Black adds a warm and cozy atmosphere. The versatility of the Drop Chandelier Globe extends beyond its aesthetic allure, thanks to its 14 adjustable metal arms. This ingenious feature allows for personal customization, empowering users to tailor the chandelier to their unique preferences and creative visions. Whether arranged symmetrically for a balanced look or asymmetrically for a dynamic effect, the possibilities for artistic expression are truly limitless. Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 242011

Type: Chandelier / Indoor

Colour / Material: Chrome

Designer / Year of design:

Kristian Sofus Hansen & Tommy Hyldahl, 2024

Lampshade & Ceiling cup: 100% Iron, with plated Chrome finish. Pipes & attachment parts is made of 100% Iron color chrome and polished afterwards.

Cable: Fabric covered cable / Black

CEILING HEIGHT

118 CM

188 CM

320 CM

IMPORTANT

Always shut off power to the circuit before starting installation work. In some countries electrical installation work may only be carried out by a authorised electrical contractor. Contact your local electricity authority for advice.

ASSEMBLY INSTRUCTIONS:

It is recommended to assemble the product with the help of another person for safety reasons. The instructions for assembly depend on which version of the mounting plate you received, either a 1.0 or 2.0. The instructions for the 1.0 mounting plate can be found on pages 12-14 of the manual, and the instructions for the 2.0 mounting plate can be found on pages 15-17 of the manual.

SAFETY INSTRUCTIONS:

Please note the information contained in these instructions and save this manual, also when lamp is already mounted.

GENERAL INSTRUCTIONS:

- Electrical connections may only be carried out by qualified staff.
- The manufactures do not accept responsibility for injuries or defects caused by improper use of this lamp.
- Attention! Before starting the installation, disconnect the power by turning off the circuit breaker, or by removing the fuse at the fuse box.
- Mind to use this lamp for its predetermined function. For example don't mount indoor lamps in outdoor areas.
- Please check all components are complete before installing.
- Don't cover the lamp.
- Don't connect the lamp to power and don't switch it on when it's in packing.
- Bulbs and transformers get very hot during operating. At improper use there is the risk of fire and by changing the bulb you can hurt yourself. Always let cool down!
- If the external flexible cable or cord is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.
- Please ensure that the specified bulb type and power of bulb is used. The maximal wattage shouldn't be exceeded (find the bulb symbol and the "max ... W" on rating label or on lamp).
- Do not mount the lamp on wet or conducting background.
- Make sure that the cables or cords don't get damaged during installation.
- The given main voltage (230V/50Hz) shall not be exceeded.
- Plug and connection elements must be free of tensile strength and torsion force.
- Don't touch bulbs with bare hands.

MAINTENANCE INSTRUCTIONS:

- Before cleaning, disconnect the power by turning off the circuit breaker, or by removing the fuse at the fuse box.
- Mind to clean the surfaces of lamp only.
- Wetness shouldn't get in terminal box or to any conducting part.
- Before you start to clean let it cool down for 10 minutes!
- Cleaning with a soft dry cloth only.

ADVICE FOR ENVIRONMENTAL CARE:

Don't put this article to normal domestic waste after the end of its lifecycle. You have to bring it to a staging area for electrical wastes. The materials are recyclable according to their specifications. With the correct recycling of these materials you can make a significant contribution to environmental protection. Ask your local authority for next staging area.

CE MARKING:

By affixing the CE marking to a product, a manufacturer declares that the product meets all the legal requirements for CE marking and can be sold throughout the European Economic Area (EEA).

TO ASSEMBLE THE ARMS:

1. Carefully connect the tube

2. Tighten the screw with a wrench

3. Gently screw the screen onto the chandelier arm.

4. Insert light bulb.

3. Unmount the screw from the small metal ring underneath the ceiling cup. Gently pull down the cable. (Never pull the cable, while the screw is fastened in the cable) When the height is adjusted, please fasten the screw in the small metal ring underneath the ceiling cup.

4. The way to adjust the appropriate length of cable: Please note the location of the rubber band at fabric covered cable must be placed correctly otherwise the cable will not be fixated properly.

CHANDELIER ATTACHED DIRECTLY TO THE CEILING - 2.0

Ceiling Height: 220-250 cm

1. Pull the cable from the ceiling through the mounting plate and mount the ceiling cup to the ceiling, with screws and inner mounting plate following in the package. Please make sure it is fixated properly.

2. When the ceiling cup is attached to the ceiling, lead the fabric cable from both sides into the cable connector. Please make sure the cable relief is tightened.

3. Adjust the cable length before you place the cable connector inside the ceiling cup.

How to adjust the cable length: Unmount the screw from the small metal ring underneath the ceiling cup. Gently pull down the cable (never pull the cable, while the screw is fastened in the cable) When the length is adjusted, please fasten the screw again and make sure it is tightened properly. Please note the location of the rubber band at fabric covered cable must be placed correctly otherwise the cable will not be fixated properly.

4. Place the ceiling cup against the mounting plate and screw in both screws.
