UNITE CHAIR

The Unite chair is a timeless masterpiece designed by the design team Says Who, who have a passion for creating furniture for everyone. Inspired by classic Scandinavian furniture design, the Unite chair blends minimalist aesthetics with functionality.

Its elegant lines, delicate details, and soft curves exude a natural beauty, while the gentle contour of the backrest ensures optimal support and comfort. This design feature provides a soothing rest for the back, allowing you to sit comfortably for hours.

The simple veneer seat adds a light and sleek expression that harmonizes with a variety of interior styles. For those seeking extra comfort, the Unite chair is also available with a padded seat upholstered in PU leather, combining practical functionality with beautiful design.

The Unite chair is ideal for creating comfortable seating at dinner events, in meeting rooms, or in cafeterias, and it can be easily stacked.
